Feedback	
Hospitality	One of the most hospitable Engineering Colleges, I have ever visited. The Training & Placement Department as well as the support staff (College mess) have been extremely helpful and supportive.
Students response	The students are very well behaved and responsive. The participation was 100% and whole-hearted. They were willing to discuss their areas of improvement and that, according to me, is the path to learning.
Scope for improvement	I am so overwhelmed with the response from the T & P Department and the students, that, I am unable to think of any scope for improvement. Thank you for having us here.
