Respected sir,

### Sub: Gratitude for selecting KIT, Tiptur under UBA scheme

We extend our gratitude to Dr. Virendra K Vijay, National coordinator, Unnat Bharat Abhiyan for giving Kalpataru Institute of Technology, Tiptur, Karnataka an opportunity to serve the rural population. We, as a technical institute regularly visit rural places under the banner of National Service Scheme (NSS) and educate the people in villages about cleanliness, health, power consumption, sewage water treatment etc. With the UBA scheme, our motivation and energy has gone twofold. We are eager to initiate the sanctioned program with utmost interest. Our proposal is on Water Management and we are mainly concentrating on Rain Water Harvesting (RWH).

Sir, we seek certain clarifications from you/ your learned team:

**1. The 5 cluster of villages we have chosen (Honnenahalli, Bommenahalli, Huchagondanahalli, Kotanaikanahalli and Hindiskere) have nearly 60 to 100 houses in each. As the scheme we have chosen is Water harvesting:**

- a. We would like to clarify if we can choose any of the village panchayath office or any other government buildings like schools, temples or hospitals.
- b. With regard to the selection of any houses for harvesting, please clarify on what basis the selection has to be made. Because choosing a particular house will lead to conflict of interest. Kindly guide us in this regard.

**2. The amount that will be sanctioned is 1 lakh per village or 1 lakh per house?**

- a. As the cost of equipments for collecting rain water, filtering and storing will cost nearly 1 lakh per unit, will the amount sanctioned be the same?
- b. If so, then only 1 installation can be done per village.

**Kindly educate us on the aforementioned clarifications and do the needful.**

Thank & Regards
