She is truly mother, who cares for and caters to each soul as per its need.

Her presence radiates immense peace.

She holds a Master degree in Biochemistry, was admitted to the Indian Institute of Science for Doctorate in Neurochemistry. She was considered one of the sharpest brains/brightest student at the Indian Institute of Science.

Mother is as well as used Scientific Laws in the field of meditation.

Her discourses carry her profound personality with a powerful knowledge knowing and deep love for humanity which is much required for humanity of today and future.

This is about Mother Sadhvi who is our chief guest. and she is going to give a speech which is very useful for this generation / Youths / Students.

NGO vice president.
